Dear Hans Wibben

I regret to inform you that your membership to Menifee Valley Flyers has been revoked by the board of directors due to multiple infractions of our bi-laws.

The bi-law that the repeated offence has taken place is Section XI cause 5. Conduct unbecoming a member of this Club.

Several members of the Club including Vice President Josh La Dou gave verbal warning to you about such conduct after which you continued to approach members of the club about Angel Moreno and your personal non club business with him. Several Club members have complained to the board of directors about your conversations regarding Angel forcing the board to take this action.

From this day forward unless personally invited by a member of Menifee Valley Flyers any presence at our flying field or general members meeting location will be considered trespassing. Use of club raster information is prohibited in any way shape or form this includes e-mails to club members unless requested by that club member.

We are sorry that this action had to take place but we have to enforce our bi-laws.

Sincerely

Josh La Dou

Vice President
Menifee Valley Flyers
